

Product Intern

Sekizbit is product-driven company with more than 10 years of industry experience. We put our best effort to facilitate business processes of small and medium enterprises with SaaS and mobile products such as **DentalBulut**, **DiyetBulut** and **Sekizbit e-Dönüşüm**. We constantly grow and renew ourselves to meet our customers' needs and demands.

We are looking for an intern to work with our product team. The ideal candidate is an analytical team player who will learn the entire product life cycle from strategy to evaluation. You will also work cross-functionally to complete product roadmaps and discover new opportunities.

Responsibilities

- Support product team for identifying problems and opportunities and deciding which ones are worth going after
- Being junction between all stakeholders (development, sales, marketing and legal) and support on prioritizing development tickets
- Making market research and seeking new opportunities

Requirements

- 3rd or 4th year undergraduate students in Industrial Engineering, Management, Computer Science or related areas from reputable universities (Bogazici, ITU, METU)
- Strong written and verbal communication skills in English and Turkish
- Excellent team player and has passion to learn
- Good understanding of technical aspects
